State-level access: all districts visible

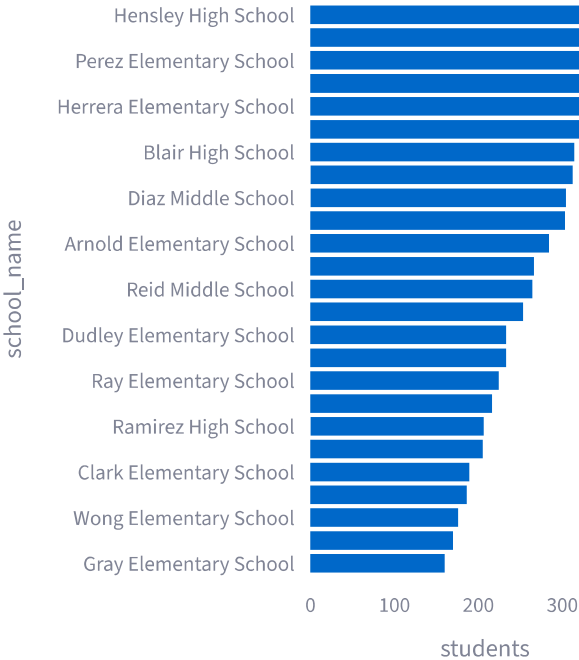

Kentucky District Report Card Simulator

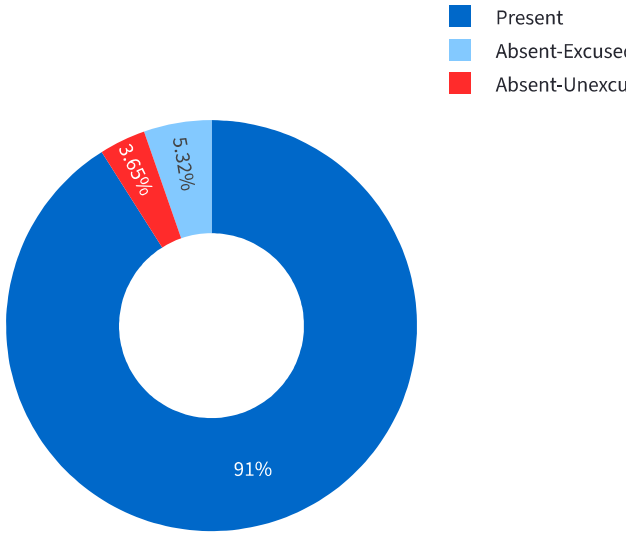

A synthetic, fully de-identified demo modeled on state K-12 reporting systems (e.g., School Report Card, Infinite Campus extracts). No real student or district data is used.

Students in View	Active Enrollment Rate	Attendance Rate	Proficient or Distinguished
6,728	92.0%	91.0%	38.7%

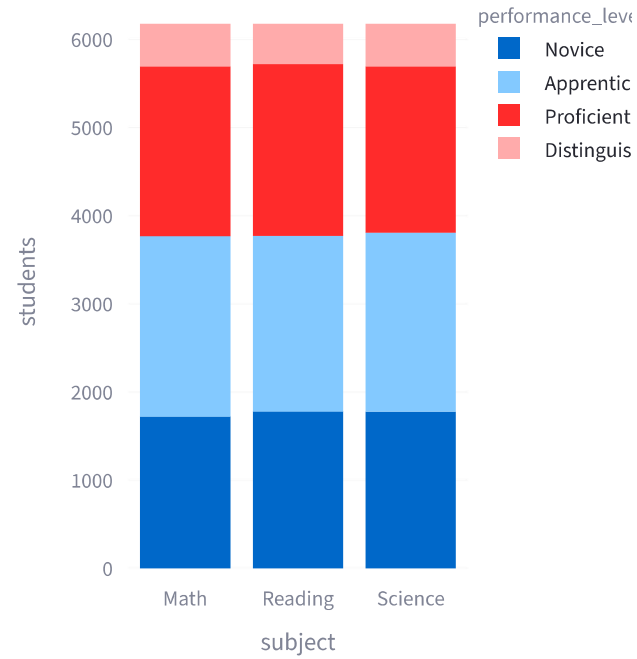

Enrollment by School

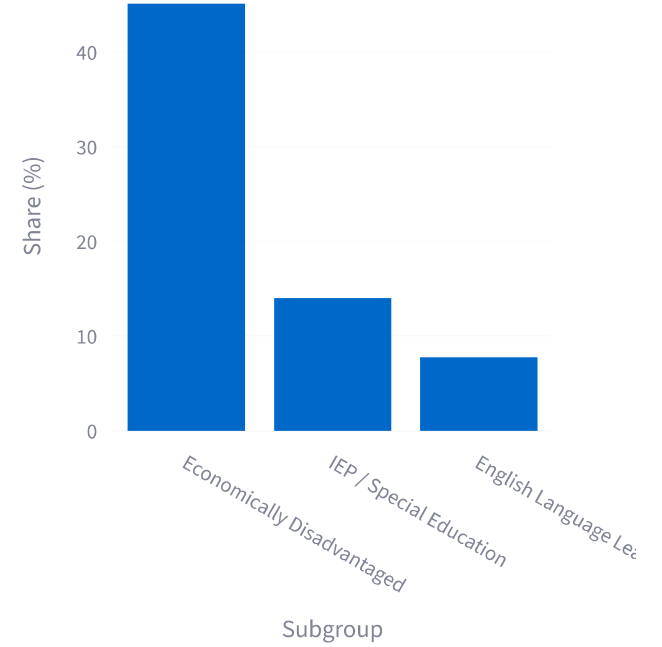

Attendance Status Breakdown

Assessment Performance by Subject

Enrollment by Student Subgroup

School-Level Detail

school_name	students	attendance_rate_%	proficient_rate_%
Adams Elementary School	186	91.9	42.7
Arnold Elementary School	284	91.5	35.8
Blair High School	314	90.4	35.7
Bush Elementary School	303	91.1	41.3
Calderon High School	233	90.7	39.2
Clark Elementary School	189	91.2	42.8
Diaz Middle School	304	91.2	39.8
Dudley Elementary School	233	90.7	42.8
Garcia Elementary School	205	90.5	40.8
Gray Elementary School	160	90.7	35

Data standards note: this simulator models one conformed dimensional layer (district → school → student) shared across enrollment, attendance, and assessment facts — the same pattern used to keep multi-source K-12 reporting consistent and auditable.
